The first part of the paper is devoted to a discussion of the concept of rationality. It is argued that rationality is not a simple, unambiguous concept, but rather a complex one that can be understood in different ways. The author then proceeds to discuss the relationship between rationality and morality, arguing that rationality is not inherently moral or immoral, but that it can be used for both good and evil purposes.

Reason exists - inside practices,
 ideology of racism.

...the idea of a rational subject is a fiction. The subject is always already divided, split by language, by the social relations in which it exists. The idea of a rational subject is a fiction that serves to mask the power relations that govern society.

...the idea of a rational subject is a fiction that serves to mask the power relations that govern society. The idea of a rational subject is a fiction that serves to mask the power relations that govern society.

...the idea of a rational subject is a fiction that serves to mask the power relations that govern society. The idea of a rational subject is a fiction that serves to mask the power relations that govern society.

...the idea of a rational subject is a fiction that serves to mask the power relations that govern society. The idea of a rational subject is a fiction that serves to mask the power relations that govern society.

may want to argue.

responded to the invitation because:

partic. caused with the idol aspects of racism.

against the background of increasing racism

- the rising to the surface
- 'official racism'
- the previous racist counter force of
the w. class, p.b. & its defensive
organizations.

idol representations organized into coherent logics,
practices & institutions of representation - esp the
media.

no formally combined ideologies & classes.
no fixed 'racism' (of race) or anti-
racism.

depends on the way the field of idol reps
has been historically constituted.

- historical
materialism
- popular imperialism
 - w. class under condition of
capitalist recession.

the racist 'common sense'.

is reproduced & can be transformed by specific
struggles, i.e. white struggle with
its own practices & forms.

works on real material conditions, organized
into idol logics which make sense.

complex processes - not one of false
consciousness created by society
of the stupid created by socialist
propaganda of the white.

the media - not a matter of simple bias
high vacuities exist.

and in the structure & relation of the
media itself
is the consensus which the media
constructs & reproduces.
in its practices, its daily habits.

vacuum: libels/vault
believe/bias.

penetration of the will
of the mass

①
what was on the
agenda

INTO THE 1980's

CR

redefined the terrain
of post-war struggle

order of nature

Consequences of the Election & the Populist party - further of Thatcherism
or - radical right for a
programme

① Defeat of the main party of the w. class & the
dissolution/suspension of the Social Democratic strategies
leading to capitalist crisis & recession.

period of confusion & defeat for socialism
decisive factor to develop the crisis is the direction of
socialist resolution will now have.
uncontrollable, not underestimate the consequences of
the 'breaks in Govt & State by the
isolated pressure however made of M. forces
representing the w.c. inside the Thatcherite state
as we see when w.c. is exposed without those
checks & counterweights to the 'full force of
the political forces representing a 'radical
right' realignment of the political balance.

No temporary reversal - result of a massive reconstruction of
the political terrain of struggle

② Defeat of w. class forces with substitution &
strategic support from sections of the w. class itself &
the ~~lower~~ classes, so called social forces.

- the historically effective ideal campaign to attract
the crisis to the right
+ popular consensus
- its penetration into the w. class & labour movement

- working on the real contradictions it is class experience
- eg. growth of a massive bureaucratic state / non democratic -
no mass mobilization - rampant anti-statism,
anti-collectivism, 'freedom'
- operating effectively on common sense ideas &
effectively rearticulating them
- construction of an alternative 'consensus' - popular authoritarianism
- end of that mechanical automation - the inevitable labor/w.c.
majority - produced by both a mechanical Marxism
and, paradoxically, an unthinking labourism

- big capital.
- small capital + p.b.
- key sections of the working class
- working class women
- just about

Transfer of w. class
particulars - defunct.
anti-state / pro-
state / pro-
Thatcher
rational.

- failure of the left to take ideal. dimensions of the class struggle seriously, in its specificity - economic reductionism of the left & its absence before 'mode under capitalism'

- ③ International Movement:
 checks in 'historic compromise' & its development in Italy
 failure of the 'common programme' in France
 the defeat of socialist alliances in Spain
 the rise of the radical right in W. Germany
 dominance & resurgence of right. Cons. & Chr. Demo. forces in the UK.

- so much for the 'inevitable turn to the left' as the mechanical result of capitalist crisis & recession.

into the 1980's with 'A Radical Right' bat. — + ideological
 legend of
 Thatcherism
 multiplying.

- ① Signs as predicted, of the 'economic miracle' coming;
 against the background of an absence of shetypic
 economic programme in the Thatcher Govt. for big capital.

- ② Expect a U-turn? as 'big ^{productive} capital' runs into
 trouble & unemployment & the whole bite? — dominantly

- ③ Even if it comes, the period of active radical
 right Govt. will have had incalculable
political consequences - disorganizing the left
 hegemony, neg. contradictions to radical right
 policies, tightening up the power & powers
 of the authoritarian state, waking the organized
 lab. movt. & socialist forces.

Altered the balance of political forces & changed

the political Union in which the Union is expected
to turn now take you back to where you were before.

- what could be taken of this meant only.
(4) The 'return' to Social Democratic composition
management of the capitalist crisis, as happened in 1974?
financial crisis.

- Don't underestimate the
(5) effect of a period of reduced right authoritarian
populism in power on the capacity of the left
to take the left to mobilize, to take advantage of moments when they
can.

1972-9: heroic but defensive struggle
defeat of Heath, church, soldiers, police
return to Social Contract & Confrontation
a weakened industrial base.

SD now fully in the grip of structural strategies
for capital against the w.c.

Direct, immediate effect did not change the balance of forces in favor of the workers
left.

- (6) Short term: changes: capitalist state strategies

- (1) Absorption of a State: economic struggle
capital/labor - wages
cost of inflation & unemployment → w.c.

unemployment &
the state.

w.c. class by students
